

YOUR ULTIMATE RV TOOLBOX

Most RV enthusiasts start with a basic assortment of tools such as screwdrivers, pliers, and sockets. The more you travel, and the more comfortable you get with doing some of your own maintenance and repairs, the more you "customize" your toolbox for your rig and level of experience. Just as there are hundreds of different types of RVs, there are a wide assortment of tools that can be used to do the job so there is not one "standard" list of tools that will be right for every RVer. However, here is a list that is a good reference to get you started on your journey to the "Ultimate Toolbox".

BASICS

- Screwdrivers – Philips/flat head (three different sizes but definitely #2 phillips head)
- Pliers – Large and small
- Channel Lock Pliers
- Needle Nose Pliers
- Side Cutter
- Tin Snips
- Wire Stripper/cutter
- Socket Sets – 1/4" – 3/8" – Some 1/2" for larger projects like lug nuts – SAE & Metric (I also carry a set of deep well sockets – 3/8")
- Multi-bit set with Torx, #2 Philips, and others
- Assorted Drill Bits
- Wrench Set – Open End/Box End – SAE & Metric
- Cordless Screw Gun/Charger
- Electric Screw Gun (Just In Case!)
- Blow Hammer
- Regular Hammer
- Crescent Wrench – 2 sizes
- Razor Knife
- Vise Grips
- Tire Gauge
- Bubble Level
- Plumbers Tape
- Gloves
- LED Flashlight
- Shop Towels
- Hand Cleaner/Sanitizer

ELECTRICAL

- Duct Tape
- Black Electrical Tape
- Rescue Tape
- 12-volt Test Light
- Digital Multimeter
- Non Contact Voltage Tester
- Battery Terminal Cleaner/Sealant
- Assorted Wire Terminals/Wire Nuts
- Wire – 10 ga/12 ga
- Assorted Bulbs
- Assorted Fuse
- Extra 120-volt Outlet/GFCI
- Battery Filler/Distilled Water
- Zip Ties
- Certified Tire Gauge
- GFCI Outlet Tester
- Voltage Tester – Surge Guard
- AmWatt – Amperage Guage
- 10 Gauge Extension Cord (Note: used for tools only)

EMERGENCY

- Roadside Emergency Kit – Flares, Triangles, etc
- Jumper Cables
- Portable 12-volt Booster/Air Compressor
- First Aid Kit
- Fire Extinguishers
- Fuel Can – empty
- Floor Jack – Note: make sure it is rated for your weight and you consult your owner's manual for proper placement and lifting the rig.

FLUIDS/SEALANTS

- Oil
- Transmission Fluid
- Hydraulic Fluid (slide room motor and jacks)
- Brake Fluid
- Antifreeze
- Windshield Washer Fluid
- CRC Silicone Spray
- Self-Leveling Lap Seal designed for roof material
- Fluid Film

CUSTOMIZED & MISCELLANEOUS ITEMS

- Wind Speed Indicator – AC/Heater Air Flow
- Level Check – LP Level Tester
- Magnet Source – Magnetizer/Demagnetizer
- Puck Wrench
- Milk Crate – great for carrying tools as well as a stool!
- PEX Water Line & Fittings – Hose Cutter
- Winegard Satellite Finder
- Intellitec Water Purity Tester
- Infrared Temperature Gauge
- BullsEye Rock Chip Repair Kit
